

S. F. Fair Goes Streamline

Pretty Jeanne Bon of San Francisco (above) was first beauty to try out for the title of "Miss Streamline," Golden Gate International Exposition pre-opening publicity theme girl. Candidates from all sections of California are being tested daily in the Exposition's search for a representative 100 lb. beauty. "Miss Streamline" will also be featured in Treasure Island's opening-day production, "Days of '40," May 25.

EASTERN STORMS ENHANCE HER... Because unusual cold weather damaged Florida crops this winter, reign of pretty Betty Doughty as queen of Arizona Citrus Show at Phoenix assumed special significance. Southwest citrus growers expect new business because of eastern crop damage.

Want Ad Rhymes Winners Told

(Continued from Page 1-A)
Retread those tires now. Let Bill Hussey do the worrying. He'll make them safe—and how!

Fourth Prize Winner
A. H. Koehler, 1732 Martina avenue, will kindly call at The Herald office for two tickets to the Torrance theatre. Watch that your third and first lines rhyme with your second and fourth, or first and second, and third and fourth, Mr. Koehler. Many of your rhymes have been discarded along with hundreds of others' because of non-observance of this requirement.

MAYOR SEEKS RE-ELECTION

(Continued from Page 1-A)
fire insurance rates down. Proper planning for the future is essential for our city's growth and I believe our Planning Commission can be of even greater service to the community by serving as an advisory board to the council.

Would Extend Sewers
"We have taken advantage in the past few years of the Federal government's spending program with the result that we have a splendid civic center, adequate park workers and a well-equipped municipal water system. Torrance has enjoyed its full share of Federal funds because the city councils of the past six years have been vigorous in their presentation of applications for all projects which we were entitled to obtain," Tolson pointed out.

Looking to the future, the mayor stated that "I want to see proper sewer systems added to the city's facilities wherever needed especially in the Vista Highlands tract where a fine residential area is available to home-seekers. I also pledge my full efforts to secure gasoline tax funds for the relief of the Mattoon Act assessments districts created for the improvement of 182nd street and Prairie avenue—the only two major highways in the city, by the way, which have not been paid out of the general tax levy.

"I will also give my services to help relieve Alondra Park of its Mattoon Act burden. In regard to transportation, I have insisted ever since the Pacific Electric discontinued passage service in January that our Walteria area must be served with buses and I will continue to retain this convenience for that district.

On Council Since 1934
"In addition to providing transportation for the Walteria community, the buses are also attracting considerable local patronage in Torrance by Palos Verdes Estates residents who now have access to our city and Los Angeles only by way of Torrance buses."

Mayor Tolson has been this city's chief executive since March 1, 1937. He is a World War veteran, married and has two children. The family lives at 2103 Arlington avenue.

He is president of the Southwest District Highways Association and also heads the Alondra Park Taxpayers' Association. He was first elected to the city council here in April 1934 and is the city's ninth mayor.

Jitterbugs Prefer Swing Band to Grayson's Music

Judging from the reception given Hal Grayson and his band by the jitterbugs—and there were more than 500 of them—at the Civic Auditorium last Friday night, the most expensive orchestra ever to play for a student dance does not always score the biggest hit. In fact indefatigable jitterbugs found Grayson's music not to their liking and gave the touring "Rhythm King" a cold reception.

Paid admissions to the dance totaled more than \$25, it was reported, and those who preferred "sweet" music to the more lusty "stomp" variety thoroughly enjoyed the one-night visit of the noted band leader and his musicians. The jitterbugs, on the contrary, preferred cavorting to recordings by out-and-out swing bands during intermissions.

The announcement that the next dance will be held Thursday (tonight) and the music would be played by Don Briggs and his orchestra drew vociferous demonstration from the youngsters who have been "swinging it" to Briggs' band for more than a year.

Tax Study to Obtain Economy in Harbor Area

Mrs. Dorothy M. Arnold, of La Canada, state director of the National Consumers Tax Commission, announces appointment of Mrs. Essie P. Duening of Wilmington as chairman of the Los Angeles Harbor Area to form a local unit. The object of the commission, according to Mrs. Arnold is the unbiased, non-partisan study of taxes with the primary goal of obtaining municipal economy.

NCTC groups are said to have been organized in 5,000 cities with especial effort being made to expose hidden taxes. Mrs. Melville Muckelstone of Chicago is national president.
